3 day tour £315

Friday 2 & 30 August 2019

Solo traveller welcome single room supplement £50

Frogmore House our highlight of this tour, only open's to private groups on selected dates in the month of August and we are privileged to have secured a visit on the 2nd August 2019. Located on the Windsor Estate and popular for Royal events including the recent marriage of Prince Harry. Queen Charlotte used this house as a country retreat and her love of botany lead to the creation of the Savill Gardens. Our visit to Frogmore will be followed by a visit to the Savill Gardens.

Woburn Abbey & Gardens are due to close in September 2019 for an 18 month re vamp. I am delighted we have been able to squeeze this into our programme before the closure. We pay a visit as we travel South to our hotel.

WHS Wisley, I have just returned from a visit this autumn and what a stunning place. If you have not visited before you will be amazed by the gardens and glass houses. RHS members save £10. We visit Sunday before our journey home.
